Zotero Reference Manager

Zotero is free software that helps you manage your references and formats bibliographies in the documentation style of your choice.

Installation. When using Zotero, your references will be available on your PC or Mac and also on your Zotero online account.

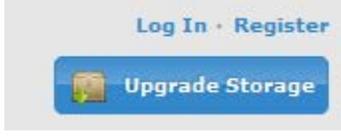

Get started! Download Zotero. You can do this at www.zotero.org. Just click the big red **Download Now** button.

Download and install both the **Zotero application** AND the **Zotero connector** or add-in for your favorite web browser.

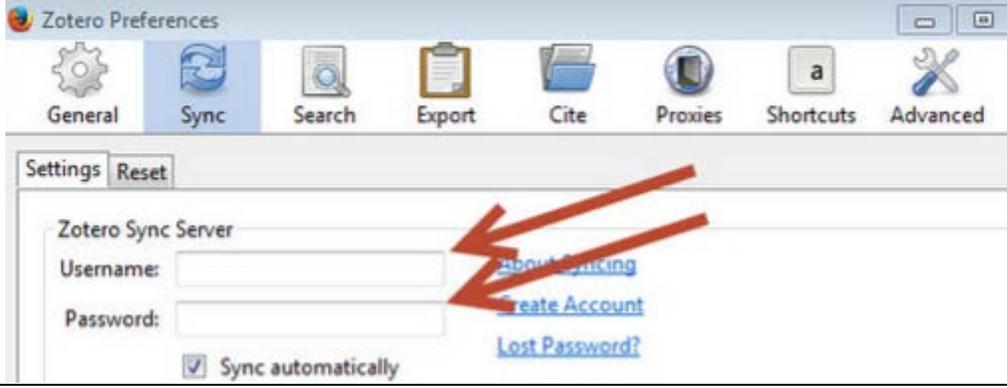

Sign up for an online account. Go back to www.zotero.org, click on the blue **Register** link at the top right, and complete the form. **Be sure to use your Villanova email address when you register.**

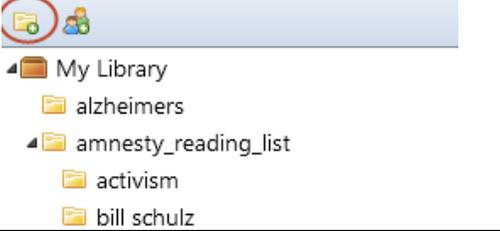

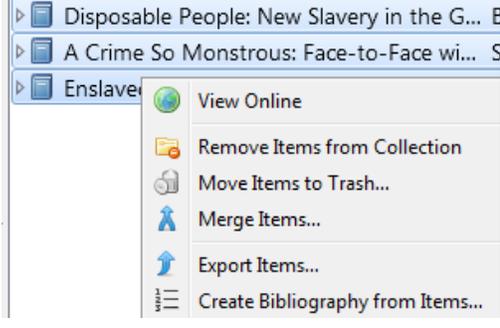

Sync your references. Open up the Zotero software.

Once the Zotero window is open, open the **Preferences** from the **Edit** menu. Within the preferences window, navigate to **Sync**, and enter the username and password you used to register your account. Check **Sync automatically**. Click **OK**. **Now you're ready to start building your Zotero library.**

<p>Importing references: References can be imported into Zotero from a variety of sources, such as the Falvey catalog, library databases, websites, and even Amazon.</p> <p>Zotero detects when a page that contains reference information about a book or journal article. Look for these icons in your browser. Click the icon to download the reference. It's that easy!</p>	<p>Journal article reference:</p>  <p>Book reference:</p> 
<p>This icon indicates that Zotero has detected references to multiple journal articles. Click the icon to display a list. You can then choose to download one or more.</p>	
<p>Organizing your references. You can organize your references into folders and subfolders. Create a folder by clicking the add folder icon.</p>	
<p>Creating bibliographies. Highlight one or more references. Right click and choose Create Bibliography from Items. Follow the instructions to choose a documentation style. Zotero supports all major styles, as well as styles of individual journals. Groups. You can also create groups to share references easily with others. For more information see http://library.villanova.edu/research/topic-guides/zotero/</p>	
<p>Zotero will also install a plug-in to your copy of Word to insert citations and bibliographies into Word documents as you write.</p>	
	
<p>Storage. Zotero provides 300 MB free online storage. If you store only references, this will probably meet your needs. If you choose to store PDF files of articles, you may need to purchase additional storage from Zotero. See https://www.zotero.org/support/storage</p> <p>To maximize storage space, choose NOT to automatically download PDFs (General preferences):</p> <p><input type="checkbox"/> Automatically attach associated PDFs and other files when saving items</p> <p>For more information about using Zotero, see the online support pages: https://www.zotero.org/support/</p>
