

Using CINAHL with Full Text to Find Articles Published in Nursing Journals

To access: Start at the library homepage → Subject Guides → Nursing and Medicine → CINAHL with Full Text
Use the Advanced Search

SEARCH HINTS:

- **Using the asterisk - obes*** will find *obese*, *obesity*, and other forms of the word.
- **Type synonyms** in same box connected by OR
- **Too many hits? Want to restrict your search?** Specify that some or all of your search terms must appear in the *abstract* of the articles; or, add a 4th search box (in this case, maybe with the terms *snacks* or *snack foods*).

Focus your search and make your results more relevant by using some of the options under **Limit your results** :

- Check off **Peer Reviewed** to retrieve the most scholarly resources.
- Check off **English language** if you do not want to retrieve results in other languages as well.
- **Limit to a date range** to get the most recent results
