NOTES ON BIBLIOGRAPHY

This bibliography is formatted in APA 6th style.

The types of documents cited are as follows:

- Friedman, Kelly, Liu, Nielsen – **journal articles**
 - Include the **doi number** if it is provided. If there is no doi number, you can include Retrieved from and the name of the database, such as Retrieved from PubMed.
 - Liu – example of **a source with more than 8 authors**. The names of the first 6 authors are listed, then an ellipsis (...) and then the name of the LAST author.

- What educators and students really think - **a source without an author**. Start with the title and interfile alphabetically.
- Burns, Clark - **books**. Note that the Burns title is the 5th edition. Editions *other than the 1st ed.* need to be noted.

- Neel – **Part of a book**.

- **Capitalization**
 - **Book and journal article titles:** Capitalize ONLY first letter of the first word and any proper nouns or proper adjectives in title and subtitle:
ADRA1A gene is associated with BMI in chronic schizophrenia patients exposed to antipsychotics.
 - **Journal titles** – Capitalize first letter of EVERY important word:
Clinical Journal of Oncology Nursing

- Adams, National Heart, Lung and Blood Institute – **websites**
 - If a URL is too long to fit on one line, break it at a slash (/)

 - **NOTE:** When citing *an entire website* (and not a specific document on that site), **no Reference List entry is required if the address for the site is cited in the text of your paper. Example:**

The website Global sea turtle population declines provides extensive background and statistics on the endangered turtle species (http://www.seaturtles.org/population_decline.html).

- University of Virginia School of Medicine - **a part of a website**
 - Use Retrieved + date **ONLY** if the information is likely to change.
